

# Help Prevent Rabies Virus

04/21/2023

Stay away from stray and wild animals.  
Keep dogs on leash.  
Vaccinate your pets.

\*Animal images do not represent actual rabid animals

Two rabid raccoons were recently identified in the Manayunk and Roxborough neighborhoods of Philadelphia in April 2023. If you or your pet were bitten, scratched, or licked by a raccoon in April in this area, please contact: PDPH Division of Disease Control at **215-685-6741**. In addition, other stray or wild animals may have been exposed and may develop rabies over the next few days to months. If you or your pet are bitten, scratched, or licked by a stray or wild animal in these neighborhoods, please contact: PDPH Division of Disease Control at **215-685-6741**.
