Philly Semiquincentennial Events

The return of “the race” – the Philadelphia Cycling Classic, featuring the grueling Manayunk Wall, will be back on August 30, 2026 after a 10-year hiatus. The event draws an international field of competitors and previous winners include Lance Armstrong and skating Olympian Eric Heiden.

Zoning and Development Highlights

A new multilevel restaurant has been proposed for 114 Green Lane (Artesano). The MNC Zoning Committee recently heard plans for a proposed renovation by the current owners of Artesano. Similar plans were proposed several years ago but

were put on hold during covid. The proposal includes two floors of open indoor seating and a third floor roof deck with a small bar and limited seating. The owners are seeking variances for use, parking, and a roof deck, as the current location is zoned I-2 industrial.

Manayunk Neighborhood Council

Meetings are held the 1st Wednesday of every month. Make a difference. Join the Council for just \$10 per person or \$15 per household. MNC serves many functions including overseeing activities at Pretzel Park and most importantly weighing in on zoning issues affecting our community.

Annual membership renewal available at:
